

The [United Nations Sustainable Development Goals \(SDGs\)](#) has provided a framework and blueprint for the global to take actions by 2030 on our most pressing issues confronting us in the pursuit of a more prosperous, inclusive and peaceful world for future generations. Green Council encourage organisations to embed SDGs as framework in their corporate strategies and initiate sustainability projects to benefit the community. This seminar will invite the outstanding organisations who have successfully embedded sustainability in achieving the SDGs.

Speaker Biography

Mr. Dominic WU, Manager – ESG, Chinachem Group

With over nine years of experience in the sustainability sector, Dominic serves as ESG Manager at Chinachem Group. He supports the development of the Group’s sustainability agenda, drawing on his experience in ESG disclosure, sustainable finance, resource efficiency, and community engagement. In his role, Dominic assists in rolling out strategic initiatives, managing international benchmarking ratings, and engaging with stakeholders to drive shared value.

Dominic’s background is rooted in hands-on environmental action. Before joining Chinachem, Dominic led significant environmental initiatives, including waste charging pilot projects and recycling schemes for major public events. Backed by a Master of Science in Environmental Management from the University of Hong Kong and a Bachelor of Social Science in Environmental Policy from CityU, Dominic focuses on embedding ESG into the DNA of Chinachem Group’s operations to deliver a positive, long-term impact.

Mr. Bien Wong

Assistant General Manager, Group ESG Cum Executive – Group Knowledge Management Office, The Hong Kong and China Gas Company Limited

Bien Wong is a dedicated professional with extensive experience in sustainability strategy development, corporate communications, and investor relations. As the department head of Group ESG, he oversees the integration of sustainability concepts into business strategies, ensuring compliance with stringent international sustainability standards. He has a proven track record at global firms and companies listed on The Stock Exchange of Hong Kong, specializing in corporate compliance and the disclosure of environmental, social, and governance (ESG) policies.

He holds a master’s degree from The University of Hong Kong and a bachelor’s degree from the University of York in the United Kingdom. Bien is recognized as one of the first EFFAS scholars in the Asia Pacific region to complete the Certified ESG Analyst (CESGA) program and has been invited by EFFAS to serve as one of the few examiners for this prestigious program in the region.

In addition to his professional responsibilities, Bien is actively engaged in public service, focusing on sustainable finance, social impact investment, and corporate governance. He serves on multiple advisory committees for the HKSAR Government, including the Environmental Campaign Committee Publicity Working Group and the Housing Appeal Panel. Furthermore, he is a Board Governor for Friends of the Earth Hong Kong, where he advocates for sustainable practices and environmental stewardship

Mr. Victor Auyang

Principal Manager - Residential Sales • Customer Success & Experience/Customer Success & Sales

CLP Power Hong Kong Limited

Mr. Victor Auyang is a seasoned utilities professional with over 30 years of industry experience. He is widely recognized for his expertise in smart metering, renewable energy projects, and demand response programs.

Throughout his career, Mr. Auyang has led several landmark initiatives, most notably the CLP smart meter program—from initial feasibility studies and pilot deployment through to large-scale implementation and the application of smart metering in demand response programs. His leadership and technical insight have played a pivotal role in advancing digital transformation within the utilities sector.

Renowned for his innovative mindset, Mr. Auyang was instrumental in creating a Guinness World Record for CLP in 2025, achieving the “Largest Induction Cooker Words” display themed around Carbon Neutral, showing the organization’s commitment to sustainability and public engagement.

Mr. Auyang holds a Bachelor’s degree in Electrical Engineering from The University of Hong Kong and is currently pursuing an MBA at The Chinese University of Hong Kong. He is a Chartered Engineer and also a Certified Accountant, reflecting his rare combination of deep technical expertise and strong commercial acumen.

Ms Clara TSE

Senior Manager, Research Project Design

The Hong Kong Research Institute of Textiles and Apparel (HKRITA)

Ms Clara Tse is Senior Manager, Research Project Design, of The Hong Kong Research Institute of Textiles and Apparel. Clara has good experience in the area of Environment, Social and Governance gained in both work and voluntary capacities. Prior to joining HKRITA, she was senior manager at BASF, a chemical company, responsible for strategy and project management in the Asia region.

She is the project manager of the Open Lab of HKRITA, which will be an industrial space that nurtures meaningful collaboration along the supply chain, disruptive innovation and inspiration to action to close the loop of fashion.

Mr. Kenneth Tang, Director, Hong Kong Lo Pan Kwong Yuet Tong

Mr. Tang Chi Man, Kenneth is trained as an Architect and the founder and Director of his own firm, GRASP Design Limited. He joined Hong Kong Lo Pan Kwong Yuet Tong (HKLPKYT) as one of the Directors in 2018. HKLPKYT is a charitable organization committed to conserve and promote Lo Pan Culture and Lo Pan Spirit. In 2024, it was the 140th Anniversary of laying foundation of Lo Pan Temple, HKLPKYT carried out a series of celebration activities including mandatory Youth Lo Pan Award and Lo Pan Festival, and pioneer educational programmes like Guided Tours, Workshops, Exhibitions, Seminars, Drawing and Photo Competitions to encourage public participations.

Kenneth is a key member of the Lo Pan Temple Conversation Project and educational related activities.
