Breaking Geographical Boundaries with Strong International Participation

Another highlight of this edition is the inclusion of the "Building in GBA (Not include Hong Kong)" and "Building Outside GBA (include International)" categories. These are open to all eligible projects from within and outside the region, with teams not required to provide proof of a Hong Kong registered company to participate. This initiative has successfully attracted numerous high-quality non-local projects, including outstanding entries from as far as Egypt. This underscores the international vision and regional influence of the Quality Building Award, further cementing Hong Kong's status as a regional architectural hub.

Ms CHANG Yuk Kam, Patricia, Chairlady, QBA 2026 Organizing

Committee stated: "We are thrilled by the enthusiastic response to this year's Award. The finalist projects are of exceptional quality and span a diverse range of categories. The 35 finalist teams will showcase their innovative practices in smart construction, sustainable development, and social inclusion during their final presentations, fully embodying the spirit of this year's theme. On behalf of the Organizing Committee, I thank all participating teams for their dedication and wish the finalists every success in their upcoming presentations."

Ir ZA Wai Gin, Tony, Chairman, QBA 2026 Jury sub-committee remarked:

"Throughout the selection process, the judging panel has placed particular emphasis on how projects integrate smart technology, environmental concepts, and human-centric design. The active participation of projects from the Greater Bay Area and the international community this year has brought a broader perspective to the Award. We look forward to gaining deeper insights into the design philosophies and practical achievements of the finalist teams during the presentations, and to jointly witnessing new milestones in the architectural world."

Award Ceremony to be Held in June to Celebrate Excellence

The final results of the Quality Building Award 2026 will be unveiled at the Awards Ceremony to be held on 26 June this year. The event will bring together industry leaders to collectively witness the glorious moment celebrating outstanding architectural projects.

About Quality Building Award

The Quality Building Award (QBA) is a biennial award that recognizes buildings of outstanding quality and those that demonstrate outstanding teamwork. The provision of quality buildings is an essential ingredient of a prosperous and modern society, and the Quality Building Award aims to promote a collective commitment by the building industry to maintain the highest standards of professionalism and competitiveness.

The theme of QBA 2026 is "Smartly We Build | Sustainably We Thrive | Inclusively We Lead", which aimed at recognizing the adoption of smart, sustainable, and inclusive solutions, driving innovation and eco-friendly practices to foster collective progress and ensure a thriving, sustainable future. As always, the QBA 2026 will continue to recognize outstanding contributions to society and drive the ongoing advancement of construction industry.

The Quality Building Award 2026 is jointly organized by ten leading professional institutions in Hong Kong, including :

- **The Hong Kong Institute of Housing (HKIH) (Rotating Chair of QBA 2026)**
- BEAM Society Limited (BSL)
- The Hong Kong Construction Association (HKCA)
- The Hong Kong Institute of Architects (HKIA)
- The Hong Kong Institute of Construction Managers (HKICM)
- The Hong Kong Institute of Engineers (HKIE)
- The Hong Kong Institute of Surveyors (HKIS)
- Hong Kong Quality Assurance Agency (HKQAA)
- International Facility Management Association, Hong Kong Chapter (IFMAHK)
- The Real Estate Developers Association of Hong Kong (REDA)

(in alphabetical order by English name)
